SKILLS

HTML

CSS

JS

JAVA

PYTHON

DSA

PERSONAL PROJECTS

Hospital Management System

- Tech stack: HTML, Bootstrap, Jdbc, Servlet, Jsp, MySQL
- Developed a Hospital Management System featuring three modules: Admin, Doctor, and User. The Admin module manages hospital operations, the Doctor module handles patient records and appointments, and the User module allows patients to book appointments and view medical history.

Tic -Tac -Toe

- This implementation uses HTML for structure, CSS for styling, and JavaScript for game logic.
- This Tic Tac Toe game is a classic two-player game where players take turns marking spaces in a 3x3 grid. The player who succeeds in placing three of their marks in a horizontal, vertical, or diagonal row wins the game.
